

## Selecting a Hairstylist

- Do they have a portfolio or photos of their work that you can take a look at?
- Do they have a list of references you can call? (Other brides they have worked with will be able to give you the inside scoop on stuff like promptness, attitude, and professionalism.)
- Do they travel? If so, is distance limited?
- If you are not going to the salon, will they bring their own equipment -- blow dryers, styling tools, and other necessities -- or will you be responsible for supplying your own?
- How do they charge -- by the hour, or by the head? DO they take a credit card, cash, or check?
- How many weddings do they do in one day? (Will yours be the only one, or will they be rushed to get to another wedding?)
